Some people get better care just after they have a stroke than others. We want to change things so everyone gets good, safe care.

We are asking what you think about having specialist stroke services at just these 3 hospitals:

- Chesterfield Royal
- Doncaster Royal Infirmary
- Royal Hallamshire Sheffield.

Question 1.

What do you think about our idea?

☐ I agree with the ideas

☐ I do not agree with the ideas

☐ I do not know

Please tell us why you think this:

Question 2.

Is there something else we could do?

☐ Yes

☐ No

☐ I do not know

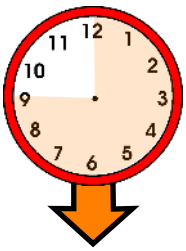
If you say yes, please tell us what this is and why you think it would be better:

What happens next

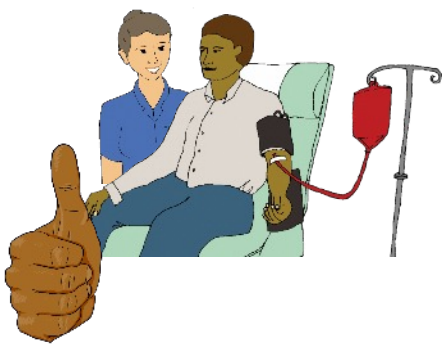
You can tell us what you think until **20th January 2017**.

After that, we will look at what everyone has said and think about:

- what is important to people



- how to make sure everyone can get to a good service in less than 45 minutes



- how to make services better and safer.

Then we will decide what to do.
