

Where did we spend our money?

Challenges

Establishing a new organisation 

Emergency services are getting busier

Changes in health and social care policy 

Growing and ageing population

Funding constraints

Changing from reliance on hospital services to care closer to home

Key highlights

Ensured timely access to speech therapy services for children who need them

Worked with practices to ensure high quality medical prescribing maintained

Opened new intensive support service for people with learning disabilities and challenging behaviour

National recognition for dementia service

Support to help GPs refer patients to the right place at the right time

Very positive local responses to launch of 111

Hepatitis B programme for local Roma and Slovak population

Developed cancer survivorship programme to help people affected by cancer get the support they need to live a life as full as possible after a cancer diagnosis

Care planning programme to help people with long term health conditions work with their nurse/doctor to manage and make decisions about their care
